Contractors from seven regions around the country vie for CotY Awards on an annual basis, and all regional winners will now be eligible for National CotY Awards at NARI's Evening of ExcellenceSM on March 28 at the Atlanta Sheraton in downtown Atlanta Georgia. Judging for regional awards took place at the Association's national headquarters in Des Plaines, Illinois, in mid-January. An impartial panel of judges who are experts within the industry and associated fields selected winners based on each entrant's "before and after" photography and project description. Judging was based on problem solving, functionality, aesthetics, craftsmanship, innovation, degree of difficulty, and entry presentation.

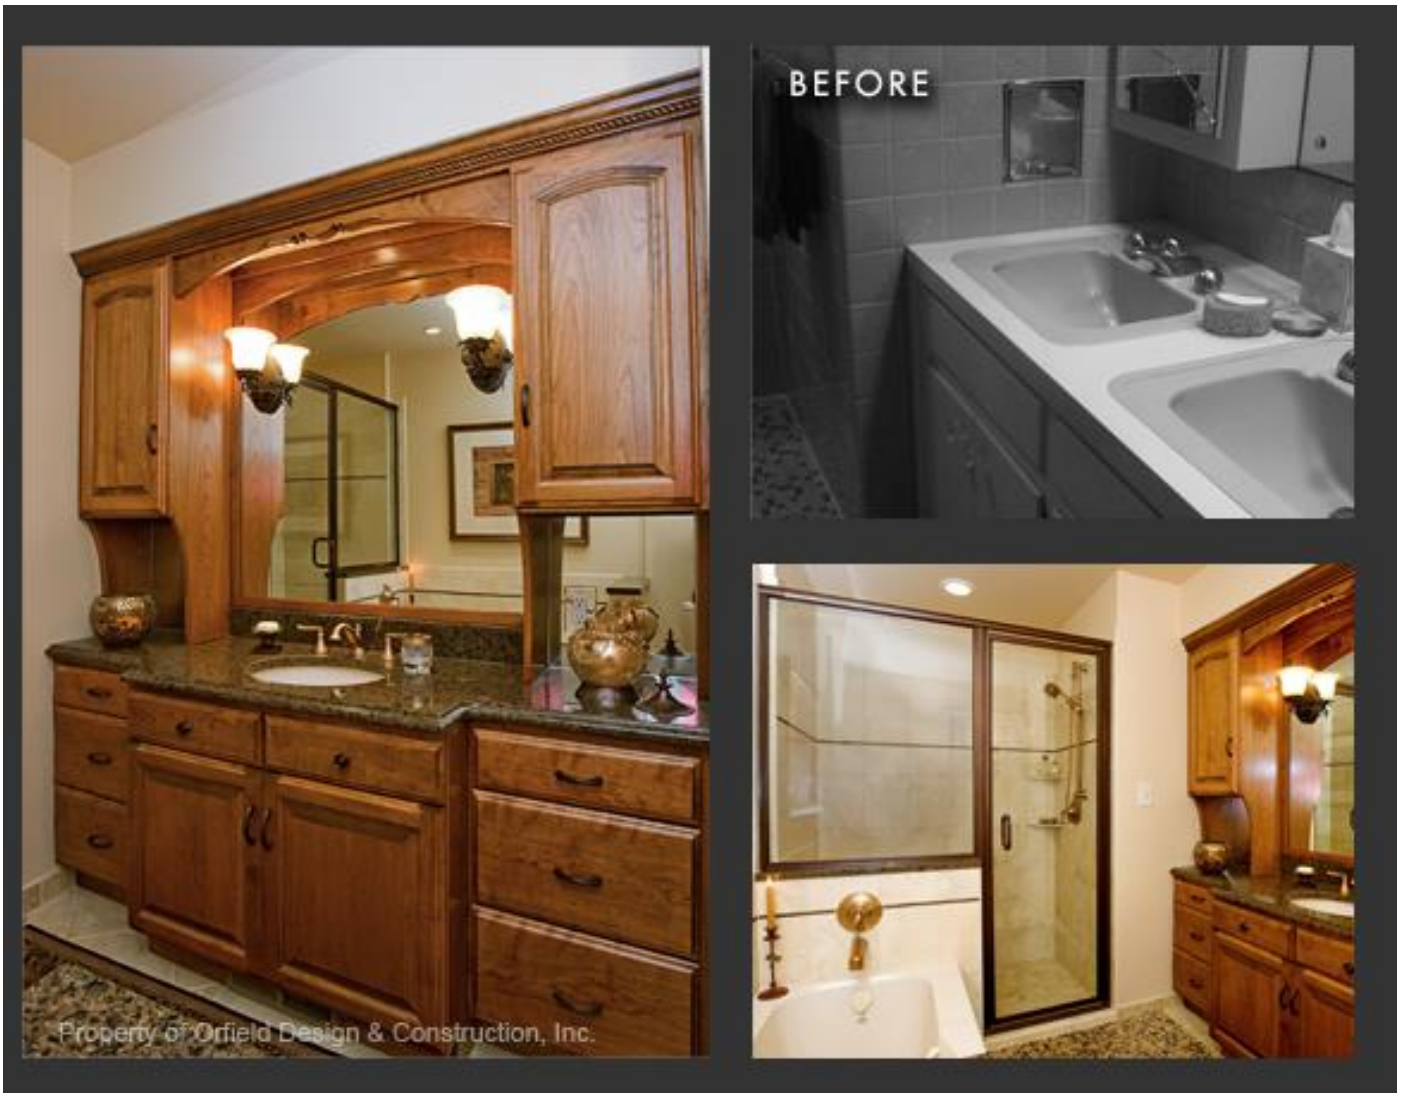

Trophies will be awarded at the 2009 Evening of ExcellenceSM in Atlanta, GA on March 28th where National CotY Winners and Achievement Award Winners will also be announced and awarded.

The Evening of ExcellenceSM is widely considered the premier event of the year in the remodeling industry. Scheduled for March 28, 2009, the Evening of ExcellenceSM will be attended by more than 350 of the

industry's elite and is sponsored by the following NARI National Member companies: Platinum Level: Ferguson Enterprises in partnership with Stock Building Supply, Pella Corp. and The Home Depot; Gold Level: Lowe's Commercial Services; Pewter Level: GE Money and Moen; and Bronze Level: Remodeling Magazine.

To be considered for a CotY Award, a company must be a NARI member in good standing. NARI members represent an elite group from the approximately 800,000 companies and individuals in the U.S. identifying themselves as remodelers.

The original 1950's bathroom on the interior of this Saint Paul home had poor lighting, a cramped shower and outdated finishes. The remodeled bathroom features a large shower with seat, deep soaking tub, great lighting, in floor heat and a lot of storage. To do this, the toilet and shower switched locations, with the vanity and tub remaining in their original spots. Brushed bronze finishes on the plumbing fixtures and shower door, porcelain tile, cherry cabinets, and *Topic Brown* granite tops all make a dramatic change without changing the wall configuration. This bathroom was given an update that fulfilled all the design goals, increased functionality and embodies warmth and subtle elegance.
