Awards

## **ORFIELD DESIGN & CONSTRUCTION, INC. 2009 MASTER DESIGN FINALIST PRESENTED BY QUALIFIED REMODELER MAGAZINE**

**Minnetonka, MN, 2009** — Orfield Design & Construction has been named a 2009 Master Design Awards finalist by Qualified Remodeler magazine. The prestigious annual awards program, now in its 31st year, recognizes outstanding achievement in residential remodeling projects in 22 categories. Orfield Design & Construction, Inc. won in both the **Bath Under \$30,000** and the **Baths \$30,000-\$50,000** categories.

The judges chose Orfield Design & Construction, Inc. for its success in creating a project with aesthetic appeal, stellar construction techniques, financial value, functionality of space and positive overall impression.

∞

**Bathrooms \$30-50K:** This busy family wanted a master bathroom retreat reminiscent of their East Coast roots. We removed a whirlpool tub and window and, in its place, installed a two-person subway tile shower with hex floor. On another wall, a larger window was installed with a view to their private yard. Great detail is seen in the painted cabinetry, leaded glass inset doors, and sconces through the mirror. White Carrera Select marble graces the vanity top, shower seat and shelves. In the end, we designed and produced an elegant and classic master bathroom to the clients' detailed desires, fulfilling their "dream".

∞

**Bathrooms Under \$30K:** This encompasses the uncluttered East Meets West style of unpretentious purity of space. The multi-cultural world traveling clients brought the vibrant colors and tranquility of the sea home. The claustrophobic bathroom was enlarged 2', the toilet moved, tub/hand-shower installed, and expansive storage inside was then created. Linear patterns and natural materials are strong features. Round glass tiles with chrome border, Mokore Fiddleback cabinetry, Statuario marble counters and Nero Marquina marble floors predominate. The interplay of honest, yet dissimilar materials is the heart of the design - creating a spa-like retreat and highly valued function in busy daily life.
