**ORFIELD DESIGN & CONSTRUCTION, INC. NAMED *MIDWEST HOME/ASID-MN* LIFE
IN BOLD COLOR COMPETITION WINNER**

*Midwest Home Magazine, with American Society of Interior Designers Minnesota (ASID-MN)
Names 6 Life in Bold Color Competition Winners*

Minnetonka, MN, September 18th, 2017— Midwest Home Magazine, with American Society of Interior Designers Minnesota (ASID-MN) named Orfield Design & Construction, Inc., in Minnetonka, MN, a 2017 winner of the Life in Bold Color competition.

Midwest Home and the American Society of Interior Designers Minnesota (ASID MN) created the annual Life in Color competition to demonstrate the power of color.

Midwest Home promotes the value of good design and brings our readers insight into how good design enhances the quality of their lives. We inform readers about new design trends and home products, and feature the work of local design professionals. For the Life in Bold Color competition, the jury evaluated entries based on how well the design solution met the project's goals, the designer's innovative and creative use of color, and the designer's demonstrated master of color theory/psychology.

About the project: The empty-nester owners of a midcentury modern rambler decided they wanted a fun and functional bathroom for their guests and grandkids. Everything stayed in place, but the finishes turned up the heat. Walls painted with Sherwin Williams in "Red Alert" add pizzazz, and the colorful mosaic tiles above the vanity and around the bathtub multiply the impact. Carrera marble countertops and wood-plank floor tile balance and ground the space.
