**2007 (Fort Atkinson, WI)- Orfield Design & Construction, Inc.**, Saint Louis Park, MN has been named a winner in the prestigious 28th Annual Qualified Remodeler (QR) Master Design Awards Contest. Orfield Design & Construction, Inc. won a Silver award in the Bathrooms Under \$30,000 category.

Sponsored by Qualified Remodeler magazine, the Master Design Awards is the premier national contest recognizing outstanding achievement in residential remodeling projects in 22 categories. New this year is the “Green Remodel” category where projects are judged based on how one’s philosophy about green remodeling affected their work. Nominees are residential remodeling companies from across the country and entries are judged on aesthetic appeal, construction techniques used, financial value of the project, functionality of space and overall impression of the project. Awards are determined by a panel of five expert judges.

“It’s great to receive recognition from our esteemed peers in the professional remodeling and design fields for the architectural detailing and creative design we put into this bathroom project – having our clients love their new bathroom and refer others to us is also very rewarding!” said Laura Orfield, Co-Owner and Vice President of Orfield Design & Construction, Inc.
