ORFIELD DESIGN & CONSTRUCTION, INC. WINS COVETED CHRYSALIS AWARD

Minnetonka, MN, May 16th, 2018 — Continuing to set new standards of professionalism, 80 remodeling companies from across the United States were named winners at the 2018 Chrysalis Awards for Remodeling Excellence. The entries were judged on overall design, the creative use of space and materials, and the degree to which the project enhanced the original structure. Orfield Design & Construction, Inc. is proud to announce that the firm has earned a win in the **Kitchens Under \$75,000** category.

The Chrysalis Awards program, begun in 1994, recognizes the nation's best work in fifteen general categories of residential and commercial remodeling. The Chrysalis Awards are open to every professional remodeler and design professional in the United States. "To win an award in this highly competitive category is quite an achievement," says Ken Kanline, Director of the Awards.

About the Project: The goal of this project was to create an unobstructed relationship between the kitchen dining & living rooms on main-level, with a lot of storage (while working around a high-traffic central stairway), elevate the kitchen seamlessly to match previously completed high-end projects on other levels and respect the original 1940's architectural scale & make an open layout that fits an active lifestyle with children, while retaining a semblance of formality. Our happy clients show we accomplished this goal!
